Let's start again

All4u were once an individual band, standing out from the crowd with excellent CD albums such as 'Saturday again' and 'First love'. Since Steve Sop left the group, however, they've not been the same. Their recent songs have lacked the special sounds and original ideas that their fans used to expect from them, and there have been reports of disagreements between the remaining band members and even rumors that the group might break up completely. But in their new CD, 'Let's start again', they've started to get back their old magic. There are new songs on the old subject of boy meets girl and other issues that are sure to get you thinking. Kenny Solo is at his best in "My girl", and the words and guitar backing to Sam Gold's song 'My lost future' are out of this world. Anyone who's been a fan of their earlier work will be delighted by this album, and if you've been disappointed by their recent work, this will definitely make you a fan again!
